Tartan is unique to Scotland. As part of its national dress it has developed from the roughly woven plaid, coloured from local pigment dyes, in which early Highlanders wrapped themselves for battle to some of the highest quality and intricate designs that can be bought today. Many of the traditions now associated with the kilt can be traced back to the formation of Highland Regiments, yet for nearly 30 years after the battle of Culloden and the ending of the Jacobite uprising of 1745, the wearing of tartan and playing the pipes was forbidden by the British Government. Any Scotsman who dared to wear the kilt was imprisoned or even deported to far away lands.

Highland wear was returned to fashion by King George IV when he visited Scotland. He adopted the wearing of tartan and this Royal patronage rekindled the life of tartan and Highland wear throughout the world.

Each clan or family name has its own tartan and clan crest and every tartan has variations of ancient, hunting, modern, dress and withered colourings. In the past official clan tartans were governed by the clan chief with final approval being made in the Court of the Lord Lyon of Arms which governed Scottish heraldry.

# FIRST STEP: SELECTION OF YOUR TARTAN

The first step in choosing your Highlandwear outfit is to choose your tartan. Here at Houstons we can inform you of the correct tartan for your crest or family name. You can also find tartans, crest histories and video clips explaining everything you need to know as well as a 60 page buy brochure with kilt packs, accessories, order details & measurements, with questions and answers on-line at our Web Site: [www.kiltmakers.com](http://www.kiltmakers.com)

Scotland has many district, town and clan tartans as well as National tartans for example the Scottish National, Flower of Scotland, Braveheart, Spirit of Scotland, Scotland the Brave, Isle of Skye, Millennium tartan, Monarch of the Glen, Spirit of Bannockburn and our own designs, 'St Mirren' 'Scottish Heather' and 'Bute Heather' collection, Irish Districts, Irish National, Irish Blood, Welsh National, Cornish National, Canadian and some American, like New York and American National designed by Houstons. The beauty of these tartans is that anyone can wear them with pride.

Most Scottish clans have their own tartan, if not you will find that they are affiliated to a clan which does.

## THE "RIGHT" TO WEAR A TARTAN

Often over the years one has heard people explaining they have the right or that they are entitled to wear this or that tartan.... in fact no such right, in any legal sense, exists for them or anyone else ....the only considerations which govern the wearing of a particular set are usage and good taste. quote from Scottish Tartans Authority director Brian Wilton

So the answer to the question "what tartan am i entitled to wear?" is -- "any tartan you fancy" the sole consideration are good taste--- some tartans are appalling clashes of colours! highland attire looks smart and feels great to wear.. perhaps Cary Grant's advice for choosing a tie --- always dress to go with your eyes -- is also the best criterion for choosing a tartan.

quote from Alistair Campbell of airds, unicorn pursuivant of arms the court of the lord Lyon

To make life easy to pick a tartan at Houston's we have over 100 tartan books, the only kilt shop in the world where you can see every commercial produced tartan, and have the facility to weave any tartan if a stitch count exists from our records... We have collated over 600 tartans any one can wear in 8 swatch books in colour bunch to make viewing tartans a lot easier for our customers.

At Houston Traditional Kiltmakers we get customers visiting our shop from all parts of Scotland, the U.K., Europe and the rest of the world. Our professional staff will advise on tartans you can wear from a choice of around 14,000 different tartans.

# KILTS

## FEILEADH BEAG

Our kilts come in several weights of cloth. The 11oz cloth is very light weight and more suitable for ladies skirts, gents trousers, waistcoats, childrens kilts and some professional dancing kilts.

For gents kilts, we recommend anything from 13oz medium weight to 16oz heavy weight cloth this being the real "Rolls Royce" of kilts. All of our kilts are 8 yards, traditionally handmade in pure wool. **The heavy weight 16oz kilt cloth sits, swings and looks a million dollars, compared to a 13oz medium weight kilt, and it is NOT any warmer. It is the weight of the jacket which makes the heat difference. All of our Houstons jackets are super light weight and stain-proofed.**

The only reason we sell 13oz medium weight kilts is if the tartan is only available in this weight like Irish and Welsh and some clan tartans.

Houstons also have an exclusive service of teflon coating tartans/kilts to make them stain resistant, this service can only be done at time of ordering the kilt on all our own Cloths.

All kilts are individually hand tailored to your own specification in a range of 5 different available kilt finishes. From hand-made kilts through to machine-finished kilts.

### Adjusting of Kilt Size

Kilts go down 1½" and go outwards 1½". We can also cut kilts for growth by adding an extra inch or two so the kilt can be expanded through time to 3 to 4 inches extra. This is ideal for younger lads or indeed for anyone, as ones weight does fluctuate in the life of a kilt. If you lose weight we can also tighten up kilts. For boys and youths we can also hem a kilt so the length can be dropped when they get taller. Please ask if you wish this service when ordering your kilt.

## Kilt Finishes, Hand Made

### Basic Hand Finish Kilt 1

These kilts are traditionally hand cut and made. These kiltmakers do not spend much time on preparation - they start straight into the kilt, and on the back of the pleats the setting can be a bit erratic. You will see a lot of varied hand stitches and no attention to detail. With this kilt finish you will have constant running repairs, with a few burst stitches which can be easily repaired over the life of this kilt finish - we have now stopped selling these.

### Super Hand Finish Kilt 2

This kilt is 100% traditionally hand cut and made by kiltmakers who are passionate about their work and who take a great deal of care and pride in what they do. They spend a lot more time laying out and marking the kilt out before cutting it to an exact template. As with any craft, the better the preparation and the more time taken, the better the job. These kiltmakers take about a day to a day and a half to make a kilt, with about 7000 hand stitches per kilt. We only make 8-yard kilts with 3 buckles and 3 black leather straps, with about 5 to 6 adjustment holes with 2 belt loops and hanging loops, a minimum 23 good knife pleats with high quality cotton canvas and Selassie cotton lining. The attention to detail is excellent.

At the back of the top of the kilt you will hardly see any hand stitches, as they are stitched from inside. The stitching of the buckles and straps are all reinforced for extra strength. These kiltmakers are a lot older with over 20 or 25 years experience in the art of kiltmaking. All these kilts are generally maintenance-free.

Delivery 5 to 8 weeks.

We highly recommend super finish kilts, as you only buy a kilt once in a lifetime. They are worth the extra cost as the whole kilt is far superior and will last a lifetime.

### Super Hand Made Deluxe 3

This is made to a far higher standard than a super hand made kilt. Preparation time is doubled and the matching and setting is far more accurate. The kilt is 90% all hand made, reinforcing by machining on the buckles, straps, waistband and belt loops with all key stress points reinforced. Finally checked over and super pressed to keep the pleats nice and sharp: this is the very best kilt you can buy.

Super Hand Made Deluxe Finish

# Machine Finished Kilts

## Basic Machine Finish Kilt 4

This is a basic 8-yard budget kilt 90% machine made/factory made, with no canvas with a little Selassie. On the back of the kilt you will see a small line of machine stitching. This is a value starting price kilt, not the real McCoy.

Basic Machine

## Superior Super Machined Kilt 5

This kilt is 60% hand made and machined internally. It is all prepared by hand, by cutting the back of the kilts scallops to template, then stitched by machine under the pleats. We only make 8-yard kilts with 3 buckles and 3 black leather straps, with about 5 to 6 adjustment holes with 2 belt loops and hanging loops, a minimum 23 good knife pleats with high quality cotton canvas and Salassie cotton lining. Refinforced around the buckles, straps and belt loops.

Finally all checked and hand finished and super pressed to keep the pleats nice and sharp, this is the kilt finish we use for all pipe bands and for the Royal Regiment of Scotland and all MOD, and these were the ones we made for the Scottish Army at the opening and closing ceremony of the Glasgow Commonwealth Games in 2014.

Super Machine Under Stitch

## Pockets 6

Pockets can be added to this super machined under stitched kilt for £40 extra per pocket, with a choice of under the front apron or at the first left hand pleat.

Pocket option

## Teflon/Stain-Proofing 7

At Houstons we were first to teflon coat/stain-proof all our tartans, which makes our kilts and jackets fully protected from rain and stains (even beer-proof!). The wool has the same handle and is fully breathable, making them safe to wear to rugby and football matches.

We calculate over the life of your kilt you will save approx £180 to £260, not having to get your kilt dry cleaned as often. This also helps the environment. **The Teflon coating lasts a minimum of 18 dry cleanings.**

Teflon Coated - Stain Proofed - around 350 tartans available

## Kilt Pleating

Kilts may be pleated to the set as normal, or regimental set pleated on the line where a tartan has a predominant stripe.

Other garments we can make include tartan trousers, trews, suits, jackets and tartan waistcoats, we also do tweed jackets, tweed suits and Inverness capes. For mail order purposes an easy to follow self-measurement form is included on page 46.

At the back of top of pleats, all the stitching is done underneath so it is concealed and not seen.

### NOTE

We offer a full range of kilts suitable for any occasion. Generally customers buy a kilt once, to last a life time. It is used for many different purposes so its important to take time on choosing the correct tartan and type of kilt finish, as it will last a life time and can be passed on as a heirloom. We recommend an 8 yard kilt. We find customers go for the best weight of cloth and best finish as the kilt is the heart of the outfit. It will become an old faithful friend you will have for life, maturing with age. Any kilt can be easily adjusted up or down waistline direction.

### Delivery Time

Delivery time for all kilts in top quality wool, in any stock tartan, 4-8 weeks.

Express service (6-14 days) is £50 extra on super finish kilt. (Subject to kiltmakers workload)

**Please Note:** As long as cloth is in stock we can make your kilt for the stated delivery time. If cloth out at mill this can delay our kiltmakers in making your kilt. We recommend if your kilt is for a special occasion that you book 4-6 months prior to the important occasion as some mills can take up to 16 weeks to re-weave cloth.

Houston are proud members of the Scottish Tartans Authority, with Ken MacDonald the retired Vice-Chairman of the STA. We have our very own Kiltmakers, offering a range of 4 different kilt finishes, keeping very high standards of quality at a competitive price.

All of Houston's Kilts are traditional 8 yard handmade kilts and Made in Scotland.

At Houstons we tailor our kilts from pure wool tartans woven by Scotland's top quality mills. 16oz kilts (pictured) are crafted from tartan woven by Lochcarron and House of Edgar in top of the range heavy worsted quality. We recommend this as being the hardest wearing weight and one that will hold its pleats very well, many of our oldest customers will proudly testify to the long service such a kilt will give. The range of worsted 13oz quality tartans is growing each year. Sharing the advantages of the heavier worsted, it is also ideal for tartan trews. A lightweight worsted and saxon wool 11oz tartan is woven in a very large range and is ideal for trousers, waistcoats, childrens kilts, and for ladies kilts and skirts. It is usually woven in a smaller pattern or "set", also available are a range of 75 tartans in silk, suitable for ladies trimmings or dresses. Prices quoted are for full Kilts, standard sizes up to 44" waist. 45" to 66" waists and seat carry an outsize surcharge, please see our outsize chart.

# JACKETS

## SEACAID

The national dress of Scotland is seen here with a range of formal jacket styles. All over the world the kilt evokes emotion and interest more so than any other form of dress, it is therefore important to ensure you are properly dressed. Houstons have the expertise required to get Highland dress just right - with all the correct accessories.

One of the great beauties of highland dress is that fashions come and go but with a kilt you will always have an outfit that will never date, last a lifetime and is adaptable for any occasion the world over.

To go with your kilt or tartan trousers, you'll need a jacket. The most popular styles, the Prince Charlie and the Argyll or Braemar, are described below along, with more specialist jackets. Generally most customers buy a Prince Charlie or an Argyll, Braemar first, then a Tweed Argyll for a more casual occasion later. We can make anything made to order special designs or fashion jackets, kilts, trousers or waistcoats. Please call for assistance.

We have taken over 20 years to get our own Houstons cut and block of jackets just right. Also it is a very light weight 100% wool Baratheia which is very comfortable to wear, also stain proofed, unlike a lot of other makes of jackets which are very heavy, bulky, boxy cut jackets which makes you feel too warm and uncomfortable.

## The Prince Charlie.

Worn with a standard 3 button waistcoat, suitable for formal occasions like dinners, balls, dances, weddings, or graduations. The Prince Charlie should be worn with a dress sporran and bow tie and with a standard or wing-collar pleated shirt or ruche tie & batwing shirt. The Prince Charlie outfit will make you feel "a million dollars".

# CASUAL & SEMI KILTS

Casual sports kilts are ideal as second kilts for rugby, football matches or as general leisure wear or knocking about, they can also be used for groom or best man. We are finding these kilts are taking over the ex hire market because you can buy a kilt in your own tartan. It can be worn casually or dressed up, also have it specially made to fit you.

NOTE: All Houston's ex-hire kilts are 8 yards 17oz heavy weight kilts in grade one top condition.

(Some shops don't give out their pedigree or background of the hire kilts they are mostly 13oz medium weight and can be usually 4 to 8 yards).

**4 yard Casual Sports Kilt** - This kilt introduced over 2 years ago and has proved very successful as a secondary kilt or for an economy kilt. Construction of kilt has no canvas inside, but has a cotton lining around the inside of waist band and has two or three buckles and straps.

All machine made. Shallow pleats approximately 18 on back of the kilt. Delivery time 4 to 8 weeks.

**6 yard Semi Casual Kilt. Best Value** - This kilt we introduced after the success of the sports kilt. It's an ideal secondary kilt, it has 2 yards more cloth it has canvas and cotton lining inside waist band of kilt with 3 buckles and straps. It hangs and swings and looks like a real kilt. This kilt is cut by hand and all machine made it has good deep pleats approximately 21. At top of pleats you will see machine stitching. This is great value kilt if you don't want to pay for an 8 yard kilt. Delivery time 4 to 8 weeks.

**8 yard machined kilt** - This kilt is all hand cut fully machine made, has canvas and cotton lining inside and three buckles and straps. You can see stitches at the back of pleats. Approximately 23 pleats. We brought this 8 yard machine made kilt out after the success of the 4 yard and 6 yard machine kilts. Basically for the American market, for a better priced kilt due to the high exchange rate, which has been very successful. This Kilt is available in two finishes, Basic machine finish or super machine finish + £50 extra see page 5 for more information. This kilt can be worn for any occasion. Delivery time 4-6 weeks, Express Service 2-3 weeks + £100 extra on all casual kilts.

Houston's try to keep some 4 and 6 yard kilts in stock at special prices on a few tartans only. Please call for details.

# SPORRANS & SGIAN DUBHS

## Bull Dog Range & Gaelic Antique Range

### Sgian Dubh is gaelic for Black Dagger.

As the word 'Black' means secret or hidden this weapon was hidden in socks, only to be used as a last resort. It would only be exhibited in the presence of a host out of courtesy. The sgian dubh was placed in the wearers hose in a concealed position.

Sgian Dubh come in a large range of designs and specifications. Horn handles are generally used for day wear and for casual wear, dress black and brown with silver are for dress and semi dress occasions. Some sgian dubhs are hand crafted in ebony or mahogany and mounted on hallmarked solid silver. These and are a good investment for the future and can be an ideal heirloom for years to come. SD145

# POPULAR REASONS FOR WEARING A KILT VERY IMPORTANT INFORMATION

Anc Htg  
MacRae

A kilt today is a highly adaptable piece of clothing and can be worn fully dressed with one of our many jacket styles or casually with a pullover or casual shirt. A kilt is a popular garment for any occasion. Some suggestions for wearing a kilt would be at weddings, dinners, balls, ceilidhs, dances, burns suppers, christenings, graduations, highland games, business trips or even on that holiday cruise that you have been promising yourself. A kilt also makes a great gift, for example on an anniversary or on an 18th or 21st birthday or a surprise present. They are also great to wear to sporting events to show loyalty to your country, for example at rugby or football events. We have even seen a rise in popularity in kilts as part of the school uniform and once you have your kilt you will wear it a lot more for many other occasions. We reckon that once a customer has a kilt they will wear it between 6 and 10 times a year. The most we have heard a customer wear his kilt is 30 times in one year, other customers wear kilts everyday. If you lose or put on weight they can be easily adjusted, also we recommend for young lads ages 16 to 22, we can cut kilt to growth so that in later years with middle age spread we have the facility to let kilts out. The service is unique to Houstons and we must be advised at the time of measuring the customer as we only do this service if requested. We can also teflon coat kilts to make them stain resistant. This service is exclusive to Houstons, again must be requested before we make the kilt. With Houstons guarantee of satisfaction if you require after care we are only too pleased to assist our customers. We find customers saying they are buying a kilt for life and go for best quality cloth, usually heavy weight and get the best super finish kilt as this will last a life time. As you can see customers today are buying kilts for a wide variety of purposes which is great to preserve the Scottish tradition. A highlandwear outfit never dates and will last a lifetime. It is a once in a lifetime purchase which can be worn with a real feeling of pride not just in Scotland but anywhere in the world and will gain admiration wherever it is worn.

# Most popular questions customers ask

## Q 1 What is the difference between a Budget & Top Quality Kilt Pack?

**Answer** Budget Kilt Pack is a basic Poly/Wool Jacket, Basic range of tartans in basic kilt finish, Basic Sporran, Basic Socks, Flashes, Ghillie shoes with leather uppers & manmade soles. *Note: Any part of a Budget outfit can be up graded. You just pay the difference, we strongly recommend upgrading the Kilt to a Super finish kilt.*

Top Quality is all Wool Jacket, 13oz medium Kilt choice of 500 Tartans or a 17oz Double width 120 popular tartans in a heavy weight Kilt. Better Sporran, Socks, Kilt Pin, Flashes, Sgian Dubh, Ghille Shoes leather upper & sole and you get a Belt & Buckle.

## Q 2 What is the difference in Modern, Ancient, Hunting, Dress & Withered Tartan?

**Answer** Most Tartans come in:-  
 Ancient: Soft lighter colours  
 Modern: Strong dark colours  
 Hunting: Any of the above tartan usually with lots of green  
 Dress: Any of the above with lots of white through them  
 Withered or Muted: A faded and muted washed out dyed colour in any of the above tartan.

## Q 3 What Tartan can I wear?

**Answer** Look at Houston Kiltmakers web site [www.kiltmakers.com](http://www.kiltmakers.com) and go to **Tartans anyone can wear** and you will find a tartan databank and a list of Tartans. If not go to name find and you can key in your name which will link to a Sept or affiliated tartan you can wear. *e.g. Houston is a Sept of MacDonald so Houston can wear MacDonald*

Also anyone can wear:- Scottish Heather, our own Bute Heather Collection, Black Watch, Braveheart, Flower of Scotland, Blue Heather Collection, Millennium, Scottish National, Isle of Skye, Scotland The Brave, St Mirren.  
 All District Tartans e.g. Paisley, Glasgow, Ayrshire etc. Also a range of Irish Tartans, Including Irish National + All 33 Irish Counties Tartans, Airforce tartans and Canadian tartans.

## Q 4 What is the best weight of Kilt?

**Answer** 11oz light weight is fine for children and ladies kilts (*some Professional Dancers go for 11oz*) 11oz is also suitable for waistcoats and trousers.  
 13oz medium weight is the best. It holds its pleats well, (*if in a warm country this will do*). Also satisfactory for waistcoats and trousers.  
 17oz heavy weight is the very best, again holds pleats well it hangs and sits better. It's what all kilts used to be made long ago. Also if you are big and have a tummy this weight will sit better.

## Q 5 What is the difference between Kilt finishes?

### Super Hand Finish Kilt

This kilt is all traditionally hand cut and made. The kilt maker spends a lot more time preparing the cloth, chalking a marking the tartan before cutting out the kilt to the exact template. Like any craftsperson the better preparation and time taken, the better the job. 95% of all our 8 yard kilt sales are in super finish. This kilt has 3 buckles and straps, canvas and lining with 2 belt loops and approximately 23 good knife pleats. At the back of the top of the kilt pleats there is hardly any stitching to be seen. This kilt takes longer to make due to the pleats being stitched from inside. Some parts of the kilt, like buckles and straps are machine stitched for added strength. These kilt makers are much older with 25 years experience in the art of kilt making. This is our Rolls Royce or Savile Row of kilts.

Note-it generally takes an extra 4 to 5 hours to make a super finish kilt and are generally maintenance free.

Delivery time is 4 to 8 weeks, Express service 2 weeks + £50 extra. We highly recommend super finish kilts. You only buy a kilt once in a lifetime, they are worth the extra as the whole kilt is far more superior made and will last a lifetime.

### Standard Hand Finish Kilt

These kilts are traditionally hand cut and made. They do not have as much preparation time spent on the layout. On the back of the kilt you will see some stitching at the top of the pleats, this gives the kilt an authentic look. With a standard finish kilt there is always running maintenance through the life of the kilt, like the odd burst stitch which can be easily repaired. We are finding less and less customers going for this finish. This finish is £60 less (£51 tax free) than a super finish kilt. Delivery time 8 to 10 weeks.

### Super Machine Finish Kilt

As the basic machine finish kilt but a lot more time preparing the kilt marking out and cutting out the scallops so the kilt sits and fits a lot better. This is a far better kilt than the basic machine kilt and is worth the £30 extra. Delivery time 4 to 6 weeks. Express delivery 2 to 3 weeks at £40 extra.

### Basic Machine Finish Kilt

We have introduced this basic kilt due to the success of our casual machine made kilts and also the high exchange rate with the pound sterling for our overseas customers. These kilts are all hand cut but fully machine made, resulting in quicker production. On the back of the kilt at the top of the pleats you see a small line of machine stitching. This is a good value kilt, but not quite 'The Real McCoy'. This finish is £30 less than the Super machine finish. Delivery time 4 to 6 weeks. Express delivery 2 to 3 weeks at £40 extra. We offer a full range of kilts suitable for any occasion. Generally customers buy a kilt once, to last a life time. It is used for many different purposes so its important to take time on choosing the correct tartan and type of kilt as it will last a life time and can be passed on as a heirloom. We recommend an 8 yard kilt. We find customers go for the best weight of cloth and best finish as the kilt is the heart of the outfit. It will become an old faithful friend you will have for life, maturing with age.

## Q 6 What is a Selvage Edge?

**Answer** Selvage edge on kilts. Small technical note: In the 21st Century the bulk of kilt cloth is still being woven on traditional shuttle looms which gives the proper selvage edge required in kiltmaking. This is the cloth edge at the bottom of the kilt which generally is fairly straight and even. There are however occasions when the selvage edge can finish slightly uneven/wavy, this is your authentic traditional finish and this can be attributed to several factors. The main cause can more than often be traced to the dyeing process. When dyeing natural wool fibres, one colour may have to have longer in the dye-vat at extremely high temperatures to ensure colour fastness. Correctness which can result in this colour reaction fractionally different when the woven cloth goes through the washing/drying process, with one colour shrinking ever so slightly more than another. An excess shrinking of half a percent does not sound very much but this is all that it takes to give a slightly uneven edge. This is something we have to accept to a degree when the best of natural wools are processed in the traditional manufacture of kilt cloth.

Modern Cooper & Ferguson

## Q 7 Heavy weight 17oz Kilts what is the difference on D/W and S/W prices?

**Answer** D/W = Double Width 17oz Heavy Weight is woven on modern wide machines and produces most popular 120 tartans more cost effectively at approx 54" Wide. Note: It takes a fully automatic machine 4 to 5 days to weave a bolt of cloth or 11 kilt lengths.

S/W = Single Width 17oz Heavy Weight strome is woven on older narrow machines which produce the full 750 range of Tartans and are more expensive to weave at the approx 26" wide. They are both the same weight and quality. It takes a man on a hand loom 11 days to weave a bolt of cloth or 11 kilt lengths.

## Q 8 Is a kilt too warm?

**Answer** Wool is a natural yarn, cool in summer and warm in winter. It can be a bit of a fallacy that a 17oz heavy weight Kilt is warmer than a medium weight kilt. It is what you wear on your top half of the body that makes the difference. A lot of our jackets are super light weight.

## Q 9 Do Pipe Bands get discounts?

**Answer** Yes. Any band with multiple orders, please contact for further details.

Bute Heather Modern

# Most popular questions customers ask

## Q 10 How long does it take to make a Kilt?

**Answer** Normal delivery time is 4 to 8 weeks for a Standard Finish Kilt. Super Finish takes 4 to 8 weeks. At busier times it may take a bit longer plus shipping time.

Express Service 2 weeks approx, £50. See staff for more information.

## Q 11 Can I get a Kilt made quicker?

**Answer** Yes you can. Make up time 10 to 14 days plus £50 for an Express Service, subject to kiltmakers work load plus shipping time.

## Q 12 How long before an important function should I order a Kilt or Kilt outfit?

**Answer** All Highland Wear accessories are generally stock or obtainable within a week to 10 days. There could be a problem with the tartan. Most mills have the cloth in stock about 90% of the time.

If the cloth is out of stock this can take up to 16 weeks for it to be rewoven plus 4 to 6 weeks to make the kilt (i.e. if one mill is out of 17oz Black Watch tartan we could get it from another mill, the shades and the settings on the check may vary). If only one mill weaves your cloth and you can't wait for it, go for your second choice, if you have one. We do recommend you stay with your first choice as it is worth waiting for it to be rewoven. The kilt will last a lifetime so it's worth the wait!! (Remember we can organise a courtesy loan of a hire kilt if you require it for a special occasion. If it is a mail order customer you pay for postage both ways).

## Q 13 What is the busiest time for Houston's Kiltmakers?

**Answer** We are busy all the year round. The extra busy times are prior to the Burns Night 25th January, St. Patricks Day 17th March, St. Andrews Day 30th November, Christmas and Hogmanay, and of course Summer weddings.

## Q 14 What length should a kilt be?

**Answer** This is an individual choice. Anywhere from the top of the knee to the lower middle of the knee.

## Q 15 How do we measure?

**Answer** We can take measurements in inches, or centimeters. Just state what country you are from. Houstons also have a conversion on our web Site at <http://www.kiltmakers.com>

Houstons can fit from small boys up to extremely large & tall men. (e.g. Up to 24" collars, 72" chests & 72" waists and 7ft tall. You will have a self measurement form in this information pack which tells you how to measure and on Houstons Video it will tell you how to measure (you can see the Video on our web Site too).

## Q 16 Can a kilt be altered?

**Answer** Yes it can. If you lose weight we can take the kilt in, if you put weight on we sell strap extensions (£15 for a set of 3), or we can move the buckles and straps or even fully re-make the kilt. We can also shorten kilts. Please ask for a quote.

## Q 17 Why buy a Kilt Outfit from Scotland?

## Q 20 Tips for wearing your kilt

1. Put socks on, make sure ribs are vertical and tops are parallel. Put garter flashes on with flashes to outside of leg. Make sure there is a 3" gap between bottom of kilt and top of socks.
2. Put sgian dubh down right hand leg sock with about 1" of top showing.
3. Put gillie brogue shoes on, twist laces three times and take round back and return to front. Tie in bow about 6" above shoe. (note: Then shirt & bow tie on)
4. Put your kilt on with pleats to back. Kilt should be a snug fit sitting high on the waist.
5. Put kilt pin in front apron only, at bottom right hand side looking down and 2" in from fringe.
6. Put sporran on next and position correctly on front. Put chain strap through belt loops and fasten at back.
7. Put belt and buckle over chain strap through belt loops and fasten with buckle to front. Then put your waistcoat & jacket on.
8. Make sure you have a dram in your sporran flask!

**WAIST** Start your measuring over shirt only,

to top or middle of your knee (whichever you prefer length-wise.  
When kneeling erect, knee of kilt should be approximately 1" off the floor).

## MAIN POINTS ON BUYING OR HIRING A KILT PACK

### 1. KILT

Best with a full 8 yard 16oz heavy weight kilt, as it sits, swings, hangs and looks a million times better than a 13oz medium weight kilt and it is **not any warmer, it is the weight of the jacket that makes the heat build up**. It is preferable to have a stain proofed kilt which is also beer proof.

### 2. JACKET

Houstons have a super light weight well cut comfortable range of jackets compared to most jackets which are bulky heavy, boxy and not very comfortable to wear, as well as usually being far too warm to wear.

### 3. SPORRANS

Seal skin, racoon, nutra, mink or grey fox are the best looking and wearing sporrans compared to most hire shops which are now having to use bovine, pony or rabbit which are not great looking.

### 4. ASK ABOUT AGE OF HIRE STOCK
